 - a) to fly across the Territory of the other Contracting Party without landing;

5. If because of armed conflict, political disturbances or developments or special and unusual circumstances a Designated Airline of one Contracting Party is unable to operate a service on its normal routing, the other Contracting Party shall use its best efforts to facilitate the continued operation of such service through appropriate temporary rearrangement of routes as is mutually decided by the Contracting Parties.
6. The Designated Airlines shall have the right to use all airways, airports and other facilities provided by the Contracting Parties on a non-discriminatory basis.

ARTICLE 3 - DESIGNATION AND AUTHORIZATION

1. The Aeronautical Authority of each Contracting Party shall have the right to designate one or more airlines for the purpose of operating the Agreed Services and to withdraw or alter the designation of any such airline or to substitute another airline for one previously designated. Such designation may specify the scope of the authorization granted to each airline in relation to the operation of the Agreed Services. Designations and any changes thereto shall be made in writing by the Aeronautical Authority of the Contracting Party having designated the airline to the Aeronautical Authority of the other Contracting Party.
2. On receipt of a notice of designation, substitution or alteration thereto, and on application from the Designated Airline in the form and manner prescribed, the other Contracting Party shall, subject to the provisions of paragraphs (3) and (4) of this Article, without delay grant to the airline(s) designated the appropriate operating authorizations.

4. Each Contracting Party shall have the right to refuse to grant the operating authorizations referred to in paragraph (2) of this Article, or to impose such conditions as it may deem necessary on the exercise by a Designated Airline of the rights specified in paragraph 2 (c) of Article 2 of this Agreement, in any case where, subject to any special agreement between the Contracting Parties, it is not satisfied that substantial ownership and effective control of that airline are vested in the Contracting Party designating the airline or its nationals.
5. When an airline has been so designated and authorized, it may begin at any time to operate the Agreed Services in whole or in part, provided that a timetable is established in accordance with Article 15 of this Agreement in respect of such services.

ARTICLE 4 - REVOCATION AND LIMITATION OF OPERATING AUTHORIZATION

1. The Aeronautical Authority of each Contracting Party shall, with respect to an airline designated by the other Contracting Party, have the right to revoke an operating authorization or to suspend the exercise of the rights specified in Article 2 of this Agreement, or to impose conditions, temporarily or permanently, as it may deem necessary on the exercise of those rights:
 - a) in the case of failure by that airline to comply with the laws and regulations normally and reasonably applied by the Aeronautical Authority of the Contracting Party granting those rights in conformity with the Convention; or

- b) in case the airline otherwise fails to operate in accordance with the conditions prescribed under this Agreement; or
 - c) in any case where, subject to any special agreement between the Contracting Parties, it is not satisfied that the substantial ownership and effective control of that airline are vested in the Contracting Party designating the airline or its nationals; or

2. Unless immediate revocation, suspension, or imposition of the conditions mentioned in paragraph (1) of this Article is essential to prevent further infringements of laws or regulations, such right shall be exercised only after consultation with the Aeronautical Authority of the other Contracting Party, as provided for in Article 18.
3. In the event of action by one Contracting Party under this Article, the rights of the other Contracting Party under Article 19 shall not be prejudiced.

ARTICLE 5 - PRINCIPLES GOVERNING OPERATION OF AGREED SERVICES

1. Each Contracting Party shall reciprocally allow the Designated Airlines of both Contracting Parties to compete freely in providing the international air service governed by this Agreement.
2. Each Contracting Party shall take all appropriate action within its jurisdiction to eliminate all forms of discrimination and anti-competitive or predatory practices in the exercise of the rights and entitlements set out in this Agreement.
3. There shall be no restriction on the capacity and the number of frequencies and/or type(s) of aircraft to be operated by the Designated Airlines of both Contracting Parties in any type of service (passenger, cargo, separately or in combination). Each Designated Airline is permitted to determine the frequency, capacity it offers on the Agreed Services.
4. Neither Contracting Party shall unilaterally limit the volume of traffic, frequencies, regularity of service or the aircraft type(s) operated by the Designated Airlines of the other Contracting Party, except as may be required for customs, technical, operational or environmental requirements under uniform conditions consistent with Article 15 of the Convention.
5. Neither Contracting Party shall impose on the Designated Airlines of the other Contracting Party, a first refusal requirement, uplift ratio, no objection fee or any other requirement with respect to capacity, frequencies or traffic which would be inconsistent with the purposes of this Agreement.

ARTICLE 6 - CUSTOMS DUTIES AND OTHER CHARGES

1. Each Contracting Party exempts the Designated Airlines of the other Contracting Party from import restrictions, custom duties, direct or indirect taxes, inspection fees and all other national and/or local duties and charges on aircraft as well as their regular equipment, fuel, "lubricants, maintenance equipment, aircraft tools, consumable technical supplies, spare parts" including engines, aircraft stores including but not limited to such items as food, beverages; liquor, tobacco and other products for sale to or use by passengers during flight and other items intended for or used solely in connection with the operation or servicing of aircraft used by such Designated Airline operating the Agreed Services, as well as printed ticket stock, airway bills, staff uniforms, computers and ticket printers used by the Designated Airline for reservations and ticketing, any printed material which bears the insignia of the Designated Airline printed thereon and usual publicity and promotional materials distributed free of charge by such Designated Airline.

- a) introduced into the Territory of one Contracting Party by or on behalf of a Designated Airline of the other Contracting Party;
- b) retained on board the aircraft of a Designated Airline of one Contracting Party upon arriving in and until leaving the Territory of the other Contracting Party and/or consumed during flight over that Territory;
- c) taken on board the aircraft of a Designated Airline of one Contracting Party in the Territory of the other Contracting Party and intended for use in operating the Agreed Services;

whether or not such items are used or consumed wholly or partly within the Territory of the Contracting Party granting the exemption, provided such items are not alienated in the Territory of the said Contracting Party.

- 3. The regular airborne equipment, as well as the materials, supplies and stores normally retained on board the aircraft used by the Designated Airline of either Contracting Party may be unloaded in the Territory of the other Contracting Party only with the approval of the customs authorities of that other Contracting Party. In such case, such equipment and items shall enjoy the exemptions provided for by paragraph (1) of this Article provided that they may be required to be placed under the supervision of the said authorities up to such time as they are re-exported or otherwise disposed of in accordance with customs regulations.
- 4. The exemptions provided for by this Article shall also be available in situations where the Designated Airlines of either Contracting Party have entered into arrangements with another airline(s), for the loan or transfer in the Territory of the other Contracting Party, of the regular equipment and the other items referred to in paragraph (1) of this Article, provided that that other airline enjoys the same exemption(s) from that other Contracting Party.

ARTICLE 7- APPLICATION OF NATIONAL LAWS AND REGULATIONS

- 1. The laws, regulations and procedures of one Contracting Party relating to the admission to, sojourn in, or departure from its Territory of aircraft engaged in international air navigation, or to the operation and navigation of such aircraft while within its Territory, shall be applied to aircraft operated by the airline(s) of the other Contracting Party without distinction as to nationality as they are applied to its own, and shall be complied with by such aircraft upon entry into, departure from and while within the Territory of that Contracting Party.
- 2. The laws, regulations and procedures of one Contracting Party as to the admission to, sojourn in, or departure from its Territory of passengers, baggage, crew and cargo, transported on board the aircraft, such as regulations relating to entry, clearance, aviation security, immigration, passports, customs, currency, health, quarantine and sanitary measures or in the case of mail, postal laws and regulations shall be complied with by or on behalf of such passengers, baggage, crew and Cargo upon entry into and departure from and while within the Territory of the first Contracting Party.
- 3. Neither Contracting Party may grant any preference to its own or any other airline(s) over the Designated Airline(s) of the other Contracting Party in the application of the laws and regulations provided for in this Article.
- 4. Passengers, baggage and Cargo in direct transit across the Territory of either Contracting Party and not leaving areas of the airport reserved for such purpose shall, except in respect of security measures against violence, air piracy, narcotics control be subject to no more than a simplified control. Such baggage and Cargo shall be exempt from customs duties, excise taxes and other similar national and/or local fees and charges.

ARTICLE 8 - CODE SHARING

- 1. The Designated Airline(s) of both Contracting Parties may, either as a marketing carrier or as an operating carrier, freely enter into cooperative marketing arrangements including but not limited to blocked space and/or code share arrangements (including third country code share arrangements), with any other airline or airlines.

2. Before providing code sharing services, the code sharing partners shall agree as to which party shall be responsible in respect of the liability and on consumer related matters, security, safety and facilitation. The agreement setting out these terms shall be filed with both Aeronautical Authorities before implementation of the code share arrangements.
3. Such arrangements shall be accepted by the Aeronautical Authorities concerned, provided that all airlines in these arrangements have the underlying traffic rights, and/or routing rights and authorizations.
4. In the event of a code share arrangement, the marketing airline should, in respect of every ticket sold, ensure that it is made clear to the purchaser at the point of sale which airline will actually operate each sector of the service and with which airline or airlines the purchaser is entering into a contractual relationship.
5. The Designated Airline(s) of each Contracting Party may also offer code share services between any point (s) in the territory of the other Contracting Party, provided that such services are operated by an airline or airlines of the other Contracting Party.

ARTICLE 9 - CERTIFICATES OF AIRWORTHINESS AND COMPETENCY

1. Certificates of airworthiness, certificates of competency and licenses issued, or rendered valid by one Contracting Party and still in force, shall be recognized as valid by the other Contracting Party for the purpose of operating the Agreed Services provided always that such certificates or licenses were issued, or rendered valid, pursuant to and in conformity with the minimum standards established under the Convention.
2. Each Contracting Party, reserves the right, however, to refuse to recognize, for flights above its own Territory, certificates of competency and licenses granted to its own nationals by the other Contracting Party.
3. If the privileges or conditions of the licenses or certificates issued or rendered valid by one Contracting Party permit a difference from the standards established under the Convention whether or not such difference has been filed with the International Civil Aviation Organization, the Aeronautical Authority of the other Contracting Party may, without prejudice to the rights of the first Contracting Party under Article 10(2), request consultations with the Aeronautical Authority of the other Contracting Party in accordance with Article 18, with a view to satisfying themselves that the practice in question is acceptable to them. Failure to reach satisfactory agreement shall constitute grounds for the application of Article 4(1) of this Agreement.

ARTICLE 10 - AVIATION SAFETY

1. Each Contracting Party may request consultations at any time concerning safety standards in any area relating to flight crew, aircraft or their operation adopted by the other Contracting Party. Such consultations shall take place within 30 days of that request.
2. If following such consultations, one Contracting Party finds that the other Contracting Party does not effectively maintain and administer safety standards in any such area that are at least equal to the minimum standards established at that time pursuant to the Convention, the first Contracting Party shall notify the other Contracting Party of those findings and the steps considered necessary to conform with those minimum standards, and that other Contracting Party shall take appropriate corrective action. Failure by the other Contracting Party to take appropriate action within 15 days or such longer period as may be agreed, shall be grounds for the application of Article 4(1) of this Agreement.
3. Notwithstanding the obligations mentioned in Article 33 of the Convention, it is agreed that any aircraft operated by an airline of one Contracting Party on services to or from the Territory of the other Contracting Party may, while within the Territory of the other Contracting Party, be made the subject of an examination by the authorized representatives of the other Contracting Party on board and around the aircraft to check both the validity of the aircraft documents and those of its crew and the apparent condition of the aircraft and its equipment (in this Article called "ramp inspection"), provided this does not lead to unreasonable delay.

4. If any such ramp inspection or series of ramp inspections gives rise to:
 - a) Serious concerns that an aircraft or the operation of an aircraft does not comply with the minimum standards established at that time pursuant to the Convention; or
 - b) Serious concerns that there is a lack of effective maintenance and administration of safety standards established at that time pursuant to the Convention;

the Contracting Party carrying out the inspection shall, for the purposes of Article 33 of the Convention, be free to conclude that the requirements under which the certificate or licenses in respect of that aircraft or in respect of the crew of that aircraft had been issued or rendered valid or that the requirements under which that aircraft is operated are not equal to or above the minimum standards established pursuant to the Convention.
5. In the event that access for the purpose of undertaking a ramp inspection of an aircraft operated by an airline of one Contracting Party in accordance with paragraph (3) of this Article is denied by a representative of that airline, the other Contracting Party shall be free to infer that serious concerns of the type referred to in paragraph (4) of this Article arise and draw the conclusions referred to in that paragraph.
6. Each Contracting Party reserves the right to suspend or vary the operating authorization of an airline or airlines of the other Contracting Party immediately in the event the first Contracting Party concludes, whether as a result of a ramp inspection, a series of ramp inspections, a denial of access for ramp inspection, consultation or otherwise, that immediate action is essential to the safety of an airline operation.
7. Any action by one Contracting Party in accordance with paragraphs (2) or (6) of this Article shall be discontinued once the basis for taking that action ceases to exist.

ARTICLE 11- USER CHARGES

- 1 Each Contracting Party shall use its best effort to ensure that the User Charges imposed or permitted to be imposed by its competent charging bodies on the Designated Airlines of the other Contracting Party for the use of airports and other aviation facilities are just and reasonable. These charges shall be based on sound economic principles and shall not be higher than those paid by other airlines for such services.
2. Neither Contracting Party shall give preference, with respect to User Charges, to its own or to any other airline(s) engaged in similar International Air Services and shall not impose or permit to be imposed, on the Designated Airline(s) of the other Contracting Party User Charges higher than those imposed on its own Designated Airline(s) operating similar International Air Services using similar aircraft and associated facilities and services.
3. Each Contracting Party shall encourage consultations between its competent charging bodies and the Designated Airlines using the services and facilities. Reasonable notice shall be given whenever possible to such users of any proposal for changes in User Charges together with relevant supporting information and data, to enable them to express their views before the charges are revised.

ARTICLE 12 - AVIATION SECURITY

1. Consistent with their rights and obligations under international law, the Contracting Parties reaffirm that their obligation to each other to protect the security of civil aviation against acts of unlawful interference forms an integral part of this Agreement.
2. Without limiting the generality of their rights and obligations under international law, the Contracting Parties shall in particular act in conformity with the provisions of the Convention on Offences and Certain Other Acts Committed on Board Aircraft, signed at Tokyo on 14 September, 1963, the Convention for the Suppression of Unlawful Seizure of Aircraft, signed at the Hague on 16 December, 1970, the Convention for the Suppression of Unlawful Acts against the Safety of Civil Aviation, signed at Montreal on 23 September, 1971 and the Protocol for the Suppression of Unlawful Acts of Violence at Airports Serving International Civil Aviation Supplementary to the Convention for the Suppression of Unlawful Acts against the Safety of Civil Aviation done at Montreal on 23 September, 1971, signed at Montreal on 24 February, 1988, and any other agreement governing Civil, Aviation security binding upon both Contracting Parties.

3. The Contracting Parties shall provide upon request all necessary assistance to each other to prevent acts of unlawful seizure of civil aircraft and other unlawful acts against the safety of such aircraft, their passengers and crew, airports and air navigation facilities and any other relevant threat to the security of civil aviation.
4. The Contracting Parties shall, in their mutual relations, act in conformity with the aviation security provisions established by the International Civil Aviation Organization and designated as annexes to the Convention to the extent that such security provisions are applicable to the Contracting Parties.
5. In addition, the Contracting Parties shall require that operators of aircraft of their registry or operators of aircraft who have their principal place of business or permanent residence in their Territory and the operators of airports in their Territory act in conformity with such aviation security provisions as are applicable to the Contracting Parties.
6. Each Contracting Party agrees that its operators of aircraft may be required to observe the aviation security provisions referred to in paragraph 4 above applied by the other Contracting Party for entry into, departure from, or while within the Territory of that other Contracting Party.
7. Each Contracting Party shall ensure that measures are effectively applied within its Territory to protect the aircraft and to security screen their passengers, crew and carry-on items and to carry out appropriate security checks on baggage, Cargo and aircraft stores prior to boarding or loading. Each Contracting Party agrees to give positive consideration to any request from the other Contracting Party for reasonable special security measures to meet a particular threat.
8. When an incident or threat of an incident of unlawful seizure of civil aircraft or other unlawful acts against the safety of such aircraft, their passengers and crew, airports and air navigation facilities occurs, the Contracting Parties shall assist each other by facilitating communications and other appropriate measures intended to terminate such incident or threat as rapidly as possible commensurate with minimum risk to life from such incident or threat.
9. Each Contracting Party shall take such measures as it may find practicable to ensure that an aircraft of the other Contracting Party subjected to an act of unlawful seizure or other acts of unlawful interference which is on the ground in its Territory is detained thereon unless its departure is necessitated by the overriding duty to protect the lives of its passengers and crew.
10. When a Contracting Party has reasonable grounds to believe that the other Contracting Party has departed from the provisions of this Article, the Aeronautical Authority of the first Contracting Party may request immediate consultations with the Aeronautical Authority of the other Contracting Party. Failure to reach a satisfactory agreement within fifteen (15) days from the date of such request shall constitute grounds for the application of paragraph (1) of Article 4 of this Agreement. When required by an emergency, a Contracting Party may take interim action under paragraph (1) of Article 4 prior to the expiry of fifteen (15) days. Any action taken in accordance with this paragraph shall be discontinued upon compliance by the other Contracting Party with the security provisions of this Article.

ARTICLE 13 - COMMERCIAL ACTIVITIES

1. The Designated Airlines of each Contracting Party shall have the right to establish in the Territory of the other Contracting Party offices for the purpose of promotion of air transportation and sale of transport documents as well as for other ancillary products and facilities required for the provision of air transportation.
2. The Designated Airlines of each Contracting Party shall be entitled, to bring into and maintain in the Territory of the other Contracting Party those of their own managerial, commercial, operational, sales, technical and other personnel and representatives as it may require in connection with the provision of air transportation.
3. Such representatives and staff requirements mentioned in paragraph 2 of this Article may, at the option of the Designated Airline, be satisfied by its own personnel of any nationality or by using the services of any other airline, organization or company operating in the Territory of the other Contracting Party and authorized to perform such services in the Territory of such other Contracting Party.

4. The Designated Airlines of each Contracting Party shall, either directly and at their discretion, through agents, have the right to engage in the sale of air transportation and its ancillary products and facilities in the Territory of the other Contracting Party. For this purpose, the Designated Airlines shall have the right to use its own transportation documents. The Designated Airline of each Contracting Party shall have the right to sell, and any person shall be free to purchase, such transportation and its ancillary products and facilities in local currency or in any other freely convertible currency.
5. The Designated Airlines of one Contracting Party shall have the right to pay for local expenses in the Territory of the other Contracting Party in local currency or, provided that this is in accordance with local currency regulation, in any freely convertible currencies.
6. Designated Airlines and indirect, providers of air cargo transportation of both Contracting Parties shall be permitted, without restriction, to employ any surface transportation for air cargo to or from points in the Territories of the Contracting parties or in third countries including transport to and from all airports with customs facilities, and including, where applicable, the right to transport air cargo in bond under applicable laws and regulations. Such air cargo, whether moving by surface or by air, shall have access to airport customs and processing facilities. The Designated airlines may elect to perform their own surface transportation or to provide it through arrangements with other surface carriers, including surface transportation operated by other airlines and indirect providers of air cargo transportation. Such intermodal cargo services may be offered at a Single through price for the air and surface transportation combined, provided that shippers are not misled as to the facts concerning such transportation.
7. In connection with international air transportation, the Designated Airlines of each Contracting Party shall be permitted to hold out passenger services under their own name, through cooperative arrangements with surface transportation providers holding the appropriate authority to provide such surface transportation to and from any points in the Territories of the Contracting Parties and beyond. Surface transportation providers shall not be subject to the laws and regulations governing air transportation on the sole basis that such surface transportation is held out by an airline, under its own name. Such intermodal services may be offered at a single through price for the air and surface transportation combined, provided that passengers are not misled as to the facts concerning such transportation. Surface transportation providers have the discretion to decide whether to enter into the cooperative arrangements referred to above. In deciding on any particular arrangement, surface transportation providers may consider, among other things, consumer interest and technical, economic, space or capacity constraints.
8. All the above activities shall be carried out in accordance with the applicable laws and regulations in force in the Territory of the other Contracting Party.

ARTICLE 14 - TRANSFER OF FUNDS

1. Each Contracting Party grants to the Designated Airlines of the other Contracting Party the right to transfer freely the excess of receipts over expenditure earned by such airlines in its Territory in connection with the sale of air transportation, sale of other ancillary products and services as well as commercial interest earned on such revenues (including interest earned on deposits awaiting transfer). Such transfers shall be effected in any convertible currency, in accordance with the foreign exchange regulations of the Contracting Party in the Territory of which the revenue accrued. Such transfers shall be effected on the basis of official exchange rates or where there is no official exchange rate, such transfers shall be effected on the basis of the prevailing foreign exchange market rates for current payments.
2. If a Contracting Party imposes restrictions on the transfer of excess of receipts over expenditure by the Designated Airlines of the other Contracting Party, the latter shall have a right to impose reciprocal restrictions on the Designated Airlines of the first Contracting party.
3. In the event that there exists a special agreement between the Contracting Parties for the avoidance of double taxation, or in the case where there is a special agreement ruling the transfer of funds between the two Contracting Parties, such agreement shall prevail.

ARTICLE 15 - APPROVAL OF TIME TABLES

1. The Designated Airlines of each Contracting Party shall submit for approval to the Aeronautical Authority of the other Contracting Party prior to the inauguration of their services, the timetable of the intended services, specifying the frequency, the type of aircraft, and the period of validity. This requirement shall likewise apply to any modification thereof.
2. If a Designated Airline wishes to operate ad-hoc flights supplementary to those covered in the approved timetables, it shall obtain prior permission of the Aeronautical Authority of the Contracting Party concerned, who shall give positive and favorable consideration to such request.

ARTICLE 16 - TARIFFS

1. Each Contracting Party shall allow Tariffs to be established by each Designated airline based upon its commercial considerations in the market place. Neither Contracting Party shall require the Designated Airlines to consult other airlines about the Tariffs they charge or propose to charge.
2. Each Contracting Party require prior filing with its Aeronautical Authorities, of Tariffs to be charged to or from its Territory by Designated Airlines of both Contracting Parties. Such filing by or on behalf of the Designated Airlines may be required by no more than thirty (30) days before the proposed date of effectiveness. In individual cases, filing may be permitted on shorter notice than normally required. If a Contracting Party permits an airline to file a tariff on short notice, the tariff shall become effective on the proposed date for traffic originating in the territory of that Contracting Party.
3. Except as otherwise provided in this Article, neither Contracting Party shall take unilateral action to prevent the inauguration or continuation of a tariff proposed to be charged or charged by a Designated Airline of either Contracting Party for international air transportation.
4. Intervention by the Contracting Parties shall be limited to:
 - (a) Prevention of Tariffs whose application constitutes anti-competitive behavior which has or is likely to or intended to have the effect of crippling a competitor or excluding a competitor from a route;
 - (b) Protection of consumers from Tariffs that are unreasonably high or restrictive due to the abuse of a dominant position; and
 - (c) Protection of Designated Airlines from Tariffs which are artificially low.
5. If a Contracting Party believes that a tariff proposed to be charged by a Designated Airline of the other Contracting Party for international air transportation is inconsistent with considerations set forth in paragraph (4) of this article, it shall request consultations and notify the other Contracting Party of the reasons for its dissatisfaction as soon as possible. These consultations shall be held not later than thirty (30) days after receipt of the request, and the Contracting Parties shall cooperate in securing information necessary for reasoned resolution of the issue. If the Contracting Parties reach agreement with respect to a tariff for which a notice of dissatisfaction has been given, each Contracting Party shall use its best efforts to put that agreement into effect. Without such mutual agreement to the contrary, the previously existing tariff shall continue in effect.

ARTICLE 17 - EXCHANGE OF INFORMATION

1. At the request of either Aeronautical Authority the Aeronautical Authorities of the Contracting Parties shall exchange information, as promptly as possible, concerning the current authorizations extended to their respective Designated Airlines to render service to, through and from the Territory of the other Contracting Party. No. 70

**EASTERN CARIBBEAN SUPREME COURT
CRIMINAL PROCEDURE RULES**

**PRACTICE DIRECTION
No. 1 of 2020**

**SENTENCE INDICATIONS
(Re-Issue)**

This Practice Direction is made pursuant to Section 240 of the Criminal Procedure Code, CAP. 172, Laws of Saint Vincent and the Grenadines, Revised Edition 2009 and is applicable to indictable criminal offences in St. Vincent and the Grenadines.

Practice Direction No. 3 of 2014 is revoked and substituted by this Practice Direction.

1. PURPOSE

The purpose of this Practice Direction is to establish the procedure following the principles in **R v Goodyear** [2005] EWCA Crim. 888, for an indication by a judge, prior to the commencement of a trial or hearing in criminal proceedings, of a likely sentence a defendant might receive if he or she pleads guilty at that point in time.

2. CONTEXT

In this Practice Direction:

- (a) “**court**” means the High Court.
- (b) “**Judge**” means a judge of the Supreme Court and includes a person appointed to act in the office.

3. PROCEDURE

3.1 The court may give a sentence indication if a defendant who is charged with a criminal offence, makes an application for such an indication.

3.2 An application for a sentence indication must be made in the practice form set out in the Schedule to this Practice Direction, no less than 7 days before the trial.

3.3 A sentence indication may relate to:

- (a) A sentence of a particular type;
- (b) A sentence of a particular type within a particular range or of a particular quantum;
- (c) A sentence that would not be imposed; or
- (d) A combination of sentences.

3.4 A sentence indication should be confined to the maximum sentence to be imposed if a plea of guilty were tendered at the stage of the proceedings at which the indication was sought. The judge should not indicate the maximum possible sentence following conviction after trial.

3.5 Subject to 3.6, the judge may grant a sentence indication if he or she is satisfied that the information available at that time is sufficient for that purpose.

3.6 Without limiting 3.5, the court shall have the following information before granting a sentence indication:

- (a) A summary of the facts on which the sentence indication is granted, agreed on by the prosecution and the defence; and
- (b) Information as to any previous conviction of the defendant.

3.7 The judge may request a pre-sentencing report to assist in granting a sentence indication.

3.8 Where the court proposes to grant a sentence indication, the court shall give both sides an opportunity to be heard on the matter. Where appropriate, the attorneys may provide references to the relevant statutory powers of the court, relevant sentencing guidelines and authorities, and such other assistance as the court may require.

3.9 The judge retains an unfettered discretion to refuse to give a sentence indication, with or without giving reasons for his or her refusal to do so.

3.10 The judge may also reserve his or her position until such time as he or she feels able to give an indication.

3.11 If a judge has refused to give an indication it remains open to the defendant to request a further indication at a later stage.

3.12 A defendant is not permitted to make a request for an indication of the different sentences that might be imposed if various different pleas were to be offered.

3.13 An indication should not be requested if there is uncertainty between the prosecution and defence about an acceptable plea to the charge or any factual basis relating to the plea. If there is a basis of plea agreed by the prosecution and defence, it must be reduced into writing and a copy provided to the judge. Any basis of plea will be subject to the approval of the court.

4. DEFENCE ATTORNEY

4.1 A defence attorney should not seek an indication without written, signed authority from the defendant that he or she wishes to seek an indication.

4.2 A defence attorney must inquire from the defendant whether he or she fully understands that:

- (a) he or she should not plead guilty unless he or she was guilty;
- (b) the indication reflects the situation at the time it is given only; and
- (c) the indication only relates to matters about which an indication was sought and other proceedings which may follow automatically will not be dispensed with.

5. GRANT OF SENTENCE INDICATION

5.1 A sentence indication shall be granted in open court with a full recording of the entire proceedings.

5.2 The prosecution and defence attorneys and the defendant must be present.

6. RECORD OF SENTENCE INDICATION

The court shall record a sentence indication.

7. SECOND OR SUBSEQUENT SENTENCE INDICATION

The court may grant a second or subsequent sentence indication if since the previous sentence indication, there has been a change in circumstances that is likely to materially affect the question of the appropriate sentence type or quantum.

8. DURATION OF SENTENCE INDICATION

8.1 A sentence indication has effect:

- (a) Until the close of the date specified by the court; or
- (b) If no date is specified, until the expiry of 5 working days after the date on which the sentence indication was granted.

8.2 If, after a reasonable opportunity to consider his or her position in light of the indication, the defendant does not plead guilty, the indication ceases to have effect.

9. PUBLICATION OF INFORMATION

A person shall not publish any information about any request for a sentence indication or any indication that has been granted until after the defendant has been sentenced or the charge has been dismissed.

10. NON-ADMISSIBILITY OF SENTENCE INDICATION IN PROCEEDINGS

The fact that a defendant made a request for a sentence indication is not admissible in evidence in any proceedings. Further any reference to the sentence indication hearing is not admissible in a subsequent trial.

11. BINDING EFFECT OF SENTENCE INDICATION

An indication, once given, is, save in exceptional circumstances, binding on the judge who gave it, and any other judge who becomes responsible for the case. In circumstances where a judge proposes to depart from a sentence indication this must only be done in a way that does not give rise to unfairness.

12. AFFECT OF SENTENCE INDICATION ON APPEAL

The defendant's entitlement to appeal against sentence will not be affected by the granting of a sentence indication by a judge.

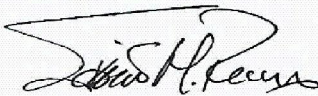

13. PRACTICE FORMS

The Practice Forms are contained in the schedule to this Practice Direction.

14. EFFECTIVE DATE

This Practice Direction shall come into effect on the 8th day of June, 2020.

Made this 3rd day of June, 2020
